

Dear Friends,

First Lady Rosalynn Carter’s famous quote reminds us, “There are only four kinds of people in the world — those that have been caregivers, those that are caregivers, those who will be caregivers, and those who will need caregivers.”

Mark your calendar for Friday, February 16th, which is designated as 2024 National Caregivers Day. At Holy Trinity, we will recognize those who have chosen caregiving as a profession: our nurses, physical, occupational, and speech therapists, nursing assistants and aides. Professional caregivers hold a special place in our hearts and in our community. They embody the spirit of service and play a pivotal role in providing exceptional care.

At Holy Trinity, our caregivers are kind, compassionate and committed to our resident’s spiritual, emotional and physical health. I’ve witnessed firsthand the invaluable contributions they have made to our residence and appreciate that they are among the most dedicated in the field. They get to know every resident and consider them like family. I believe our caregivers should be celebrated year-round!

During the month of February, please stop by to visit our wonderful caregivers and take a tour of our beautiful residence. You will be amazed by our uplifting atmosphere and commitment to the highest standards of excellence.

Until next month,

Rodolfo A. Parra
CEO and Administrator
