

Dear Friends,

It has been an exciting month! Many of you have witnessed firsthand the care, compassion, and unwavering dedication to those we service. Now, we have an award that demonstrates just that!

I am pleased to announce that Holy Trinity has been recognized as a 2024 recipient of the Bronze – Commitment to Quality Award by the American Health Care Association and National Center for Assisted Living for its commitment to improving the lives of residents through quality care. This distinction is the first of three progressive award levels through their National Quality Award Program. It honors providers across the nation who have demonstrated their dedication to enhancing the quality of care for our nation's elders and individuals with disabilities.

Earning this award affirms our ongoing focus on excellence and is a milestone to be proud of. It reflects our focused attention to the needs of our residents and dedication to our mission to improve every life we touch. It also validates the exceptional healthcare, expertise, passion, and teamwork provided by our staff, who work tirelessly to ensure our residents' comfort and well-being. They are passionate about their work at Holy Trinity, and I am exceedingly proud to work beside them every day.

In the next year, the staff and I will continue our journey toward excellence as we strive to achieve the next level of achievement: the Silver Award. I will keep you updated on our progress in future posts in this newsletter.

Until next month,

Rodolfo A. Parra
CEO and Administrator
